# Research: Help improve the special mode for first-time users in GRASS GIS
Situation number 2

Let's suppose you got to the situation captured in Figure 2:

* 3. Take a close look at Figure 2. What will be your next step in this situation?

◯ I will import data using *Import vector data* button in Info Bar.

◯ I will create another Location.

◯ I will import data through File menu.

◯ I will be confused what to do next and give it up.

◯ Other (please specify)

4. Is something confusing to you? If so, what specifically?
